

New Aviva products available via LifeQuote

Aviva have introduced a compelling package helping advisers to provide a greater choice to a wider range of clients. The three new products are Aviva Life Insurance+, Critical Illness+ and Income Protection+, all of which include a range of benefits and options for upgraded cover.

Optional Benefits

Advisers can now closely tailor their clients' protection policies to individual needs and budgets by offering a basic Aviva product, or creating a more comprehensive cover by selecting from a choice of Aviva's new options:

Global Treatment

Fracture Cover

Upgraded critical illness benefit

Upgraded children's benefit

Extra Care Cover

Support Services

All new Aviva clients will have access to their 'Support Plus' services, a range of added value, non-contractual benefits to help them through times of difficulty. These include:

Second Opinion by Best Doctors®,

BUPA Anytime Healthline

Counselling and Carer Support provided by Workplace Options

Apply via LifeQuote

We have added a new facility to LifeQuote enabling you to select additional benefits on a case by case basis.

Customize your quote

Please select the options you would like us to include with the application. Once submitted to LifeQuote, we will confirm the details and complete the application with your client.

While we will issue your quotation before the case is submitted to Aviva, if you would like to remove the underwritten term or without loading it will not proceed.

If you have any questions please call the helpline on 01243 791199.
