

AIG extends protection for international clients

Earlier this year AIG began offering Term and Whole of Life cover to non-UK domiciled clients who may be impacted by changes to inheritance tax legislation.

They have now announced they will extend the cover available to these clients to include Family Income Benefit as well.

You are able to quote and process these cases through LifeQuote using our administration service.

For further information on our service please contact the Adviser Support team on 01243 791199.

Best regards,
LifeQuote Team
