

## New Multi Benefit Discount for Legal & General

Legal & General have recently updated their discount for multi benefit applications to £2.00 per additional product.

For example, if a husband and wife each take out a Life only policy, plus a separate Life and Critical Illness and an Income Protection policy the discount will be a total of £10.00 – potentially paying for one of the benefits.

The new pricing has been updated on the LifeQuote Portal and will be reflected in the multi benefit pricing.
