

New Comparison Chart Options

We've had some feedback from advisers for additional options they wanted on our Provider Comparison Chart and our CIC Comparison Chart so we have included the updates in our March release.

Provider Comparison Chart

We have now included the default assumed interest rates for increasing policies along with the decreasing options. This is displayed in the Term Policy Conditions section.

Term Policy Conditions	1 st 12 mths	None	None	1 st 12 mths	1 st 12 mths	1 st 12 mths	No provision made
Suicide exclusion period	1 st 12 mths	None	None	1 st 12 mths	1 st 12 mths	1 st 12 mths	No provision made
Terminal illness period exclusion	Last 12 mths	None	None	None	None	Last 12 mths	Last 12 mths
Default Assumed Interest Rates for decreasing term	10%	8%	8%	8%	8%	8%	N/A
Default Assumed Interest Rates for increasing term	RPI	RPI	5%	RPI	RPI	RPI	RPI

CIC Comparison Chart

As more and more of the insurers are beginning to offer enhancements for children's critical illness we have now added this to our CIC chart next to the standard children's cover option.

Children's Cover	✓	✓		✓	✓	✓
Enhanced Children's Cover (*extra cost option)				✓*	✓*	✓*
Children's funeral Cover/death benefit	✓	✓		✓	✓	✓

We are also in the process of revamping the look and feel of our comparison charts, if you have any suggestions please [click here](#) to send them to our Communication & Product Manager.
