

Addition of Legal & General Critical Illness Extra

Legal & General launched their new enhanced critical illness plan in April offering two options for critical illness cover.

You now also have access to this product via the LifeQuote system.

When you quote for Life & Critical Illness cover there will be two entries for Legal & General in the results list:

- Legal & General – this is their standard plan
- Legal & General Extra – this is the new enhanced plan

Legal & General also offer two additional features that can be included at an extra cost, Children's Critical Illness Extra and GP24. These benefits are not currently available to include on LifeQuote but we are able to include them when setting up the application. Just let us know in the additional requirements box on submission.

***I have my customer's consent to share this data and for you to process the application.**

 Yes No

***When would you like to start this Policy?**

 Upon acceptance Specific date To be advised

Please confirm any special requirements:
