

## British Friendly adopts guaranteed premiums

British Friendly have moved away from offering reviewable only premiums for their Income Protection products to just offering guaranteed premiums.

We have updated the rates on the LifeQuote Portal so that the guaranteed premiums display from 18<sup>th</sup> June 2018.

British Friendly offers three main Income Protection products:

- Full Term Protect – cover for up to 70% of the annual taxable income until a maximum retirement age of 70
- Short Term Protect – cover for up to 70% of the annual taxable income for a choice of 1,2 or 5 years until a maximum retirement age of 70
- Breathing Space – cover for up to £250 per week for 1,2 or 5 years until the age of 65 with no need to prove income or hours

For more information on their products view their comparison guide [here](#).
