

Error submitting applications in Edge

We have been notified that there is a technical error when using our tele-application route on the new version of Microsoft Edge, which prevents you from proceeding without reselecting the title and source of business fields.

Microsoft have advised this is an error in the browser and are working on putting a fix live in the next couple of weeks. In the meantime we recommend either using a different browser for example Internet Explorer or Google Chrome or manually selecting the fields before proceeding.

If you are unable to use a different browser or have any other problems please call our Sales Support Team on 01243 791199 and they will be able to help submit the application.
