

AIG updates Critical Illness conditions

AIG have updated their critical illness policy for their standard plans. This has increased the amount of conditions that are covered on a full and partial basis.

New conditions:

Full payment

- Devic's Disease
- Intensive Care Benefit
- Mental Illnesses
- Removal of an eyeball

Partial payment

- Accidental hospital cover
- Intensive care benefit for children
- Neuroendocrine tumour (NET) of low malignant potential
- Permanent pacemaker insertion
- Syringomelia or syringobulbia
