

Updates to LV= Critical Illness Product

LV= have today made some updates to their Critical Illness product to change some of the limits and have updated their condition list.

New Limits

- Maximum expiry age for Level & Decreasing policies increased to age 80
- Maximum term available increased to 50 years

Condition Updates

New full payment conditions have been added:

- Brain abscess
- Brain injury due to trauma, anoxia or hypoxia
- Crohn's disease
- Heart failure
- Severe mental illness
- Severe sepsis
- Spinal stroke
- Syringomyelia or syringobulbia
- Ulcerative colitis

New partial payment conditions have been added:

- Aortic aneurysm
- Cauda equina syndrome
- Cerebral or spinal arteriovenous malformation
- Cerebral or spinal aneurysm
- Gastrointestinal stromal tumour or Neuroendocrine tumour of low malignant potential
- Guillain-Barre syndrome
- Less advanced cancer- of named sites and specified severity
- Other carcinoma in situ
- Pituitary tumour

They have also made changes to some of the definition wordings and added 14 less advanced cancers into the partial payment condition.

Our Critical Illness Comparison Chart has been updated to reflect the new changes – find this in the Tools section.
